Dear Ms. Williams

**In Response to Office Action dated April 4, 2007**

On following the advice and comments in your examination report I have amended the claims of my application and also corrected the layout of the specification to include the headings required.

I have listed amendments to claims in compliance with the revised 37 CFR 1.121, although perhaps I'm not required to comply with the revised 37 CFR 1.121 in the case of amendments to specification and claims filed in re-examination proceedings.

I hope this presentation and correction meets with your approval and I await your response in readiness to correct any further discrepancies that may be present.

Yours sincerely

Ms. Laaong Silaprom
